

# Milam Remains Democratic By 2889 To 2462

Milam County voters remained loyal to the Democratic Party while the vast majority of the rest of the nation and Cameron went over to the Eisenhower-Nixon ticket in the election held Tuesday, November 6.

With all the boxes in with the exception of those from two voting precincts as of 10 a.m. Wednesday, the Stevenson-Kefauver ticket had received 2,889 compared to 2,462 for the Eisenhower-Nixon ticket. The two boxes still out at that time were the ones in Bushdale and in San Gabriel. It was believed these two boxes would have 44 and 65 total votes respectively.

Cameron while splitting at the

two boxes in the vote for the presidential candidates, went Republican in the grand total of these two precincts. Cameron Precinct No. 1 favored the Stevenson-Kefauver ticket by 234 to 212 while Precinct No. 2 here was for Eisenhower and Nixon by 481 to 343. Total for these two boxes were predominantly Republican

with 693 compared to 577. Balloting in Thorndale was unique in that it was split evenly between the two parties' candidates, 222 votes for each of the Democratic and GOP candidates. Out of the 37 precinct boxes already reported Wednesday morning, only seven were predominantly Republican in the vote for

president and vice-president. Boxes with balloting favoring President Eisenhower and Vice-President Nixon were Cameron No. 2, 481-343; Gay Hill, 31-26; Marlow, 26-24; Rockdale No. 16, 402-221; Salem, 43-37; Tracy, 60-31, and the absentee votes, 108-83.

At 2 a.m. Wednesday morning the Republican Party were conceding

control of the House of Representatives to the Democrats. However, at that hour they pointed out this concession was only general and by no means final and that the count possibly at mid-morning Wednesday would have to be completed before victory or defeat for the House control could be actually determined.

In the balloting for Governor, Price Daniels led the field by a wide majority in Milam County with Republican Candidate William R. Bryant receiving 147 votes in the 37 boxes reporting. Write-in Candidate W. Lee O'Daniel received 540 votes in the governor's race.

Veteran's Day, Nov. 11

## Edwin Hardy Legion Post 9 Pays Tribute To Wearers Of Gold Star

This year, as in past years, the Cameron American Legion Edwin Hardy Post No. 9 will pay tribute to those now serving our country and to Gold Star mothers, fathers and wives, who lost loved ones in the Armed Forces.

This tribute will be at their annual Veterans Day Dinner on Sunday, November 11, at National Hall.

Serving of the plates, which will be sold for \$1.25 to adults and 75 cents for children, will begin at 12:15 p.m. and continue on into the early hours of the afternoon. Mrs. Cato, who is preparing the food, announced that a turkey dinner with all the trimmings would be the menu.

Following the dinner John Florida, post commander, will introduce the Gold Star parents and wives and the guest speaker, George Le Noir, District Commander of the American Legion from Marlin, Texas.

Commander Le Noir will tell some of the motives of the Legion, their aims and how they are serving the boys that are now in the service as well as the veterans.

Commander Florida has urged that everyone purchase their tickets to the dinner as soon as possible or contact him at telephone 1389 so that reservations can be made.

The program will be concluded with several vocal and piano selections by well known entertainers.

## Gold Star Wives; Parents Asked To Call John Florida

All Gold Star Mothers, fathers and wives who will be able to attend the Veterans Day Dinner which is being sponsored by the American Legion this Sunday, November 11, at National Hall have been urged to contact local Post Commander John Florida at the earliest possible date.

He advised that it would be necessary to know all the names of those who had lost loved ones in the service and the names of the heroes so that they can be honored at the dinner.

## Garner Circle Holds Cake Sale

Members of the Garner Circle, Methodist Women's Society, will hold a cake sale beginning at 9:30 a.m. Saturday, November 10, according to an announcement by Mrs. Hilliard Thomas.

The sale will be held in front of the Old Cameron Theater,

## Milam County Voters Swarm To Polls; Ballots Give Out

Milam County voters were disappointed in an undertermined number when they went to vote near closing time Tuesday night and found that there was no ballot for them to scratch.

Sixteen in the Yoe High School box came in to be told by Judge Hugo Slaughter that the ballots had run out. He took their names and told them that they would be contacted as soon as ballots were available. Five of the eleven contacted returned to the poll to cast their ballot. This left five who did not get to register a protest or approval of the administration at the ballot box.

There was no rush in the box, election Judge Slaughter said, until after five o'clock. With nearly 200 ballots on hand a country box came in and requested 25 ballots and were given them. The rush began minutes later Slaughter said.

When the Judges found that they were running out of ballots, they rushed a car to Ben Arnold and picked up eleven.

County Judge Charlie Smith, charged with responsibility of the ballots, called the box to inform them of the law regarding such an emergency stating that they could take a sample ballot and allow the ballotless voter to register his choice on a blank piece as a guide. As it happened however there was not a sample ballot in the precinct. The judges informed the County Judge there

wasn't enough paper available to write the information on that he was giving them.

"This is the first time in my thirty-five years of holding elections that this thing has happened," said judge of the school box, Hugo Slaughter. He added that it probably wouldn't happen again in another thirty-five years.

The Courthouse box also ran out of the ballots but in this instance the judges followed the course prescribed by law and allowed the voters to use sheets of plain paper to register their choices on.

## Car Demolished In Friday Wreck

An automobile accident occurred Friday, November 2, at the intersection of West Batte and South College Streets. Vehicles involved were driven by Mrs. E. A. Mees and Willie Joseph Koenig.

The cars collided in the center portion of the intersection. Koenig's brother, a passenger in his car, was thrown from the vehicle but suffered no serious injuries according to Chief Willie Dolan, who investigated. Mrs. Mees and her son were both shaken up to some extent and suffered bruises. They were carried to the hospital.

## Aldermen Say Practice Will Resume Upon Pay For Same

Members of the Cameron City Council recommended the City Fire Department send no more fire trucks on grass fires outside the city limits until such time as the Milam County Commissioners Court change their present ruling on reimbursement for such runs.

The action was taken at regular council meeting Tuesday night, November 6.

A letter from County Judge Charles Smith to the council informed that with regards to the city's requisition for payment of such fire runs, the request had been denied and the former policy of the county would stand. As explained in Judge Smith's letter, this policy on the part of the county court is to pay fire departments within the county \$25 for calls on fires of consequence but not on answer of grass fire calls unless there is a threat to real property.

equipment, then as explained by the councilman, the county should be expected to pay the expense of fighting such fires.

Another item on the agenda concerned insurance for city employees. Further study of this issue will be made to determine the type of insurance plan to be adopted for city employees now numbering 28. Two types of plans are under consideration. One is the workmen's compensation which protects the employee from loss of wages and covers medical expenses at those times the employee is sick or suffers an injury on the job. This type also protects the city against suits filed by employees in such incidents.

Second type to be studied gives no salary protection to city workers. It does pay for hospitalization, doctors, medical incidentals and similar expenses for sickness and accidents suffered either on or off the job. This type further provides for a \$1500 to \$2500 life insurance policy on each worker.

While there were some dissenting opinions, the majority of the councilmen agreed the city fire trucks would not make country runs unless barns, residences or other buildings were burning. They indicated grass fire runs into the country would again be made should the county court reverse its decision and allow for payment of such runs.

One of the city fathers indicated he was not in favor of stopping grass fire runs outside the city limits. However, he did agree with others that the expense of fighting such fires should not be borne by city taxpayers. Another member of the council then announced that property on ranches and farms are due protection from fire by the county because of their property taxes. Since the county maintains no fire fighting

Only other item on the agenda of consequence was brought up by Councilman Lincoln Mondrik. He suggested immediate action be taken by the city for installation of traffic signal lights at three different points within the city. These points would be at the intersection of W. Batte and S. College Streets, the intersection of Fannin Street and Highway 36 and at the intersection of First and Fannin streets.

Mondrik pointed out the first of these, which is adjoined by Matula Grocery Store, was the site of an automobile accident only last Friday, November 2. The second carries heavy traffic often at relatively high speeds and is an intersection which must be crossed two or three times daily by school children. Third of these sites as pointed out by the alderman is also a highly potential spot for vehicle accidents.

The council voted that the city secretary should contact the State Highway Department for its approval of lights on state roads. At the same time the city is to begin a survey to determine type of signal lights needed and the cost of the installation of such.

Attending the meeting was Mayor Robert Weems, Councilmen Mondrik, Grady Stidham, Clifford Thompson, Charles Brady, and Roy Griffith. City Secretary Wayne Weiser, Chief Willie Dolan, City Attorney Bill Black, Water Department Superintendent Alvin Heftt and Public Works Superintendent W. D. Bigbee.

## Mrs. Asher Heads State Services

Mrs. Jimmie Asher of Cameron, District 15 Woman's Missionary Union president, will be in charge of the memorial service at the state meeting of the Baptist General Convention of Texas being held this week in Corpus Christi.

She will be assisted in the service by Mrs. Wells Smith of Temple. Mrs. Arthur K. Tyson, representing Mary Hardin-Baylor at the meeting, will sing "My Master Hath A Garden," by Randall Thompson.

## Lions Club Minstrel Opens Monday In Yoe High Auditorium

Cameron Lion's all-star cast of "Local Yokels" are scheduled to hold dress rehearsal on Sunday prior to opening for a two night stand in the Yoe High Auditorium on Monday and Tuesday.

Advance tickets are now on sale by Lions and members of the cast at twenty-five cents for children and fifty cents for adults. Performances both nights for the two hour show begin at 8 p.m.

Minstrel chairman, Ben Magness, stated that advance ticket sales have evidenced a sell-out for both performances.

A sample "gag" goes: Lighten-in: Say Rastus I hear you got married; Rastus: "I sho did and she is a pure ANGEL. Lighten-in: "Boy you is lucky, mine is STILL LIVIN'."

The minstrel, under direction of Mrs. Glenn Abercrombie is accompanied in its musical scores by Mrs. Hilliard Thomas at the organ and Mrs. Bill Crockett at the piano.

Interlocuter is Fred Switzer, KMLI announcer and a cast including Tom Boyd, George Bowman, Jimmy Wiggs, Herbert Nance, Richard Williams, Ben Magness, Louis McKee, Con Suter, Bill Marek, Bert Nicholson, "Bo" Patterson, "Rip" Ripley, Dick Bradshaw, Milton Schiller, Joe Lee Heitman and special talent.

"YALL AIN'T HERD NUTTIN YIT"

It's to be a big night both Monday and Tuesday, November 12 and 13, as local business men get down to business with a black-face minstrel. Sponsored by the Cameron's Lions Club, the minstrel is being held at the Yoe High Auditorium with performances beginning at 8 p.m.

## Letters Wanted

### Win A Fin For An Opinion

Want to win \$5 and at the same time strike a blow for your pet project in Cameron?

If you do, and nearly everybody does, enter the HERALD contest. Write us a letter expressing your views on whatever project you think would benefit Cameron most, or the one you think Cameron needs the most.

We'll read it, judge it and finally, with our backs to the wall, fork over a \$5 bill to the person who sends in the winning letter.

By projects we mean such things as a new jail, bigger court house, community center, television station, rocket ship for moon travelers, etc. We just want to read some interesting mail for a change.

# Eight Colored Boys Apprehended For Throwing Rocks On Halloween

All Saints Eve was celebrated in Cameron with a nominal amount of rowdyism and with a lot of the modern Christian spirit of giving a Share Our Surplus effort to the Christian Rural Overseas Program.

Cameron's Ministerial Alliance under the chairmanship of Reverend Richard Bradshaw, Vicar of All Saints Episcopal Mission, led in a "Trick or Treat" drive. Young folks and elders of the associated churches collecting more than \$80 which will go far in sharing America's surplus commodities with the less fortunate peoples in other countries.

At Yoe High School some pranks were apparent with the deposit in front of the school of two antiquated structures, approximately 4 by 4 by 7 with the once fashionable half-moon and stars in the door. The bust statues of Mr. and Mrs. C. H. Yoe, benefactors of the school, were draped with an automobile tire, and a number hanging around their necks as is customarily used in identification pictures taken by officers.

Over-ripe eggs and tomatoes were the "ammunition" of a number of lads on the streets of Cameron in the earlier part of the

night, and the statue of Ben Milam on the courthouse square was no more awing to the irreverent pranksters than those of the Yoes had been. The Milam statue received an egg shampoo.

As the evening grew older the intensity of the youthful celebrants mounted and police were called to investigate the rocking of a Buick, a Studebaker, a Ford coupe and a Ford Pickup.

Eight colored lads were picked up and detained over-night in the city calaboose in connection with rock throwing.

The total estimate for repairs to cars damaged by rocks and be-

longing to Tommy Michalka, Reverend H. M. Bowley and a Ford pickup driven by Ferrol Angell was \$105.35.

City Attorney Bill Black after interrogating the colored boys stated, "We are inclined to file no charges if damages to the cars are paid." He then named five of the youths among those apprehended as being responsible. Several of the youths testified that there were "about fifty" involved but due to the number none of them could be named.

One of the colored youths said they had made up a "pass word" that would be used if they be-

came separated to denote that they were "on the same side." The password was "Say Hey."

A pickup truck full of white boys, one of those suffering slight damage, was said by the colored lads to have borne hostile forces. The spokesman said this or another pickup had been driven through "Frogtown" on several occasions with the occupants throwing balloons full of water at residents in the section, and on Halloween were alleged to have fired a 22 rifle and at which time the youthful spokesman for the colored boys said, "We changed our ammunition from eggs to rocks."

## The Wee Hours

By Your Police Reporter

About 2 a.m. of a recent morning, Patrolman "Brandy" Brandenburg was making one of his early morning patrols of the Cameron streets. Noting a half-grown kitten catching and feasting upon bugs beneath the street light across from the bus station and courthouse, he stopped for a moment to watch.

Out of the night swooped a "hoot" owl, capturing the small cat. The kitten was able to let out only one loud, frightened cry. And the owl headed for the Little River bottoms with possibly someone's pet as his supper. The incident occurred so speedily, "Brandy" was unable to do anything but witness the tragedy.

So the creatures of nature set an example. An example that the destiny of any and all, good or bad, can happen and be completed in seconds.

## Herald to Issue Pre-Christmas Shopping Paper on December 6

With Christmas only six weeks away, Cameron merchants are beginning to stock merchandise and make plans for the busy Yule shopping season, while mamas and papas of the area have begun making their list and "checking it twice!"

The HERALD, to serve the business-people and shoppers alike, will produce and circulate a "Pre-Christmas Shopping Edition" on December 6, in which the business firms of Cameron will be invited to display their merchandise in advertisements.

The paper will be circulated on a one-hundred-percent basis throughout the Cameron area and will be designated to help shoppers find exactly the gifts they want well before Christmas, while selections are the best.

Merchants are invited to use this edition of the Herald. Staff members of the newspaper will be on hand to help them prepare advertising copy.

# Milam County Farm Delegates Will Attend State Convention

Farm Bureau members from Milam County will leave on Sunday, November 11, for Houston to attend the twenty third annual state convention to serve as voting delegates from this county. Headed by O. G. Tumlinson, County Farm Bureau president, the delegates are Robert Jungmann, first president; Mrs. Berenice Charles, second president; John Slovak, Joe Marek, Joe F. Zajicek, Oscar Hientze, Gerhard Biar, Jr., Mrs. Charles Bailey, Ed Miller and Berenice Charles. Also attending the convention from Milam County will be Miss Lenora A. Bickett, secretary-treasurer; William F. Arthur, service agent; Mrs. Robert Jungmann, Mrs. Joe F. Zajicek, Mrs. O. G. Tumlinson, Mr. Charles Bailey and Mrs. Ed Miller.

Milam County received its quota of 1100 members and with this total membership is entitled to send 11 voting delegates to the convention. The convention will open on Sunday night with a Vesper Service. S. W. McClaren, Jr., district director, of Cameron will preside at this opening meeting.

# O. J. Bulldogs Seek Runner-Up Tie In Homecoming; Final Home Game

Friday is homecoming day at O. J. Thomas and the Bulldogs will play the homecoming day tilt with the Caldwell Yellow-jackets at Yoe Stadium, their last home game for the season.

A homecoming queen will be crowned at the mid-time as the band performs. Principal Harnsberry states that the queen will be chosen by a popular ballot this year in contrast to the traditional way of choosing the queen.

The Bulldogs will be fighting for a second place tie with Rosebud in the district. Taylor is on top of the heap and has Rockdale on its agenda for this week-end with the district championship at stake.

The Bulldogs have won from Calvert, Snook, Rockdale and Rosebud and have lost to College Station and Taylor.

Starters in the Friday night tilt will be Debose at quarter, Wright at Full, Green at left half, Lemons at right half, Washington at center, Pratt at left guard, W. Dickie at right guard and F. Dickie at right tackle. Knox at left tackle, Nelsen left end and Webb right end. Co-captains for the game will be Wright and Green reports Coach Aycox.

Aycox said that the team played a good all-round game in beating Rosebud 7-0 last week and added that in view of this being the last home game of the season the Bulldogs will be aided very much by a large turnout of fans. The fans, Aycox added will have the added incentive of seeing old grads who return for the game and declared "It is a very important game to the morale of the team and the school as a whole."

# Luther League Holds Annual Halloween "Spook" Party

By Jean Fischer

On October 31, 1956, the Buckholts Luther League held their annual Halloween "Spook" Party.

Everyone met at the church at 6:30 and they had a hay-ride from there to the "haunted house" which had been previously decorated and filled with traps by the planning committee.

The committee consisted of Shirley Jungmann, Peggy Inge, Jean Fischer, Howard Gonton, Benard Jungmann and La Mar Gresak.

First on the agenda after the group arrived at the "haunted house" was formation of a long line.

Howard Gonton directed games, which included a treasure hunt, apple bobbing, snatch and run-sheep-run.

The treasure was a box of gum side.

After the games, everyone enjoyed roasted weiners, hot chocolate, potato chips and marshmallows.

Mr. and Mrs. Willie Glaser chaperoned the group.

Guests were present from Buckholts, Rogers and Cameron.

Ronnie and Frances Dornier celebrated their birthdays October 29 and 30. Celebrating with them were Mr. and Mrs. Walter Strickler and Mr. and Mrs. Sonny Swanzy, Sharon Donnie and Joy.

On Thursday night, November 1, Mr. and Mrs. Walter Strickler, the Sonny Swanzys', Mr. and Mrs. Robert Lee Schuetze, Mr. and Mrs. Ed Schuetze and Grandma Aigner visited Mr. and Mrs. Doc Swanzy to wish Mrs. Swanzy a happy birthday.

A FOUR LEAF CLOVER is the token of friendship presented to Yoe High Cheerleaders by two Killen High School Student Council Representatives before the teams of the two schools did combat Friday night, November 2.

Cameron Cheerleaders Bernice Zarosky and Mary Jo Varner receive the token from Victor Mote and Branda Barber in the pre-game ceremonies.

## Chamber Of Commerce Sets Days To Be Observed As Holidays

After some controversy as to the date of the Thanksgiving holiday this year, the Cameron Chamber of Commerce has decided to observe Thursday, November 29, rather than Thursday, November 22.

At the same time, the Chamber officials also announced that merchants will close on Monday, November 12, in observance of Veterans' (formerly Armistice) Day which falls on Sunday, November 11.

Meanwhile, both Cameron banks while observing Thanksgiving on November 29, officials of the First National Bank and the Citizens National Bank announced they would not be closed on November 12. The U. S. Post Office in Cameron will be closed in observance of holidays on both November 12 for Veterans' Day and November

22 as Thanksgiving. Postmaster John R. Hays said there will be no city nor rural deliveries on these days with only special delivery mail being distributed. Other federal offices locally including the Soil Conservation Office will also observe the same dates as the post office.

City Councilmen voted at their regular meeting Tuesday night to observe the holidays set forth on the calendar by the Chamber of Commerce in 1957. No comment was made of the future holidays remaining in 1956.

Days to be observed if any for Veterans' Day and Thanksgiving among Milam County employees could not be learned through Tuesday noon of this week.

MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

ON THIS, the 24 day of October, 1956, the Board of Directors of MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 convened in session at the American Legion Hut, Buckholts, Texas, with the following members thereof present, to-wit:

FRANK TOMASCIK, Pres.  
ADOLPH GRESAK, Vice-Pres.  
W. E. BECKHUSEN, Secretary  
FRED GRESAK, Director  
JOHN ZAJICEK, Director

and the following absent: (None), when among other proceedings had, the following resolution and order was passed and adopted:

WHEREAS, MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE has been heretofore properly established and created pursuant to appropriate proceedings to that end including an order confirming the organization of the District passed by the Board of Directors thereof on the 25th day of June, 1956; and

WHEREAS, it is now found necessary and advisable for the district to acquire by purchase and construction a water supply and distribution system for service in and for said District; and

WHEREAS, the Board of Directors of said District has adopted plans for the construction of the aforesaid improvements and facilities and there has been filed in the office of the District a report of the District's Engineers covering the plans, plants, facilities and improvements to be purchased and constructed, together with maps, plans, profiles and data fully showing and explaining the same, which report is open to inspection by the public; and

WHEREAS, the aforesaid engineers' report contains, among other things, a detailed estimate of the cost of such improvements and an estimate of the time required to complete same so that service therefrom can be commenced; and

WHEREAS, a summary of said engineers' estimate of the cost of said facilities and improvements, including the cost of property to be purchased, as shown in the report, aforesaid, is as follows:

TOTAL  
NOW, THEREFORE, BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE:

SECTION 1: That the estimate of the cost of the plants, facilities, improvements and property as contained in the engineers' report, referred to in the preamble hereof, is hereby approved and adopted by this Board of Directors as the total amount required to cover such plants, facilities, improvements and property.

SECTION 2: That an election be held in said Milam County Water Control and Improvement District Number One on the 1 day of Dec. 1956, for the purpose of submitting the following proposition to the qualified electors of said District, who own taxable property in said District, and who have duly rendered the same for taxation:

"SHALL the Board of Directors of Milam County Water Control and Improvement District Number One be authorized to issue the bonds of said District in the principal sum of not to exceed ONE HUNDRED THIRTY EIGHT THOUSAND DOLLARS (\$138,000), maturing serially or otherwise, not to exceed thirty-five (35) years from their date, and to bear interest at a rate not to exceed SIX PER CENTUM (6%) per annum, payable annually or semi-annually, for the purpose of purchasing and constructing a water supply and distribution system in the District and for the payment of such other costs as are incidental thereto, including those incurred in the creation of the District and otherwise in connection with the improving project, and shall said Board be authorized to levy and collect annually on all taxable property in said District a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due, so long as said bonds shall be outstanding and unpaid; the payment of said bonds to be additionally secured by a first lien on and pledge of the District's net revenues, being all revenue derived from the District's plants, facilities and improvements, after deduction of reasonable cost of providing for the administration, efficient operation and adequate maintenance of the district's service facilities?"

SECTION 3: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V. A. T. S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF BONDS, THE PLEDGE OF NET REVENUES AND THE LEVY OF TAXES ADEQUATE TO PROVIDE FOR THE PAYMENT THEREOF"

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote upon the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 4: That the entire district shall comprise one election precinct and the polling place of said election shall be at Buckholts School, Buckholts, Texas, and within the boundaries of said Milam County Water Control and Improvement District Number One. The following persons shall be and are hereby appointed officers of said election:

Jim Petruy, Presiding Judge

O. L. Daniels, Assistant Judge

Clara Balusek, Clerk

Opal Gandy, Clerk

SECTION 5: The election officers above named shall make and deliver the returns of said election in triplicate, one being retained by the Presiding Judge, one delivered to the President of the District, and one delivered to the Secretary of the District. The ballot boxes and other election records and supplies shall be delivered to the Secretary of the District, at the office of the District and shall be preserved as provided by law, in said office.

SECTION 6: The Secretary of the Board of Directors is hereby directed to publish a substantial copy of this resolution and order, or notice containing the same, signed by said Secretary and by the President of the Board, once a week for four consecutive weeks in the CAMERON HERALD, a newspaper of general circulation within the area of the District, and published in Milam County, Texas. The first of said publications shall be made at least twenty-eight (28) days prior to the date fixed for said election.

SECTION 7: That the said election shall be held and conducted in accordance with the laws of the State of Texas for holding of general elections for state and county officers, except as otherwise provided by Chapter 3A, Title 128 of the Revised Civil Statutes of Texas, as amended.

The above resolution and order being read, it was moved by Fred Gresak seconded by Adolph Gresak that same do pass. Thereupon, the question being called for, the following members of the Board, voted "AYE": Messrs. Tomascik, Beckhuse, Zajicek, Adolph Gresak and Fred Gresak; and none voted "NO".

PASSED AND APPROVED, this the 24 day of October, 1956.

# Olds, Pontiac, Buick, Studebaker Making Debut; GMC's Out

Four new models of automobiles and a new model truck are going on sale in Cameron and Milam County this week. Oldsmobile, Pontiac and Buick are now on display at the local dealers' showrooms while Studebaker is also making a debut of its new models. The new truck is the GMC model.

Leading the local dealers' this week with presentation of their model is Mitchan Motor Company at 112 South Houston Street with their three great Oldsmobile series. Truly one of the greatest automobiles on the highways today, Oldsmobile is showing the Golden Rocket 88, the Super 88 and the Starfire 98.

Mitchan says he has two of these fine cars on display and is expecting Milam County people interested in the finer cars of great efficiency to be amazed at the advances made. There will be 17 all-new models to fit the choice of any and all, he said. Mitchan declared that you will find new engineering values as well as new styling accents in each and every one of these cars.

At the same time, the owners of the local Oldsmobile agency pointed out that Mitchan Motor Company in conjunction with Mitchan Auto Sales, which is celebrating its 30th anniversary this month, will give a number of door prizes to a number of persons registering upon their visit to the two establishments to view the 1957 models of the Oldsmobile and the Kelvinator products. These door prizes will be those turkeys welcomed on everyone's dining table whether it be Thanksgiving dinner or not.

The Kelvinator line for 1957 is the very best in latest designs of washing machines and dryers, kitchen ranges and refrigerators. This entire line is being offered to Milam County patrons of Mitchan Auto Sales at huge discounts arranged for celebration of this 30th anniversary sale by Mr. Mitchan and the Kelvinator manufacturers.

A variety of the new Pontiac models are now being displayed at the McLain Pontiac Company at 311 North Central Street. Mr. McLain says this new car with all of the luxury of the highest price vehicles on any road is within the reach of any Cameron or Milam County prospective car buyer.

He invites one and all to visit his showrooms and see this sleek new car and admire with the thousands of others dropping by this "First" car at any price.

## Wives Welcome No-Button Work Shirt That Saves Hours Of Care!

Newest work-saver for homemakers is the modern, buttonless work shirt now being sold in all reputable stores carrying work clothing and it gives greater freedom from mending and laundering than has been possible with the conventional button-equipped shirts.

Housewives who have faced regular button repair work over the years are finding these new shirts eliminate many laundering, ironing, and button-replacement problems. Gripper snap fasteners instead of buttons are on the shirt front and cuffs.

Metal snap fasteners do not crack or chip and, of course, button holes with their usual problems of wearing and fraying are eliminated completely.

These new work shirts stay cleaner in use because the wearer does not have to fumble all the way up the front with soiled hands to get such a shirt open. The snap fasteners hold firm and sure for the life of the shirt, yet it takes just a sudden tug to open the shirt all the way. This is considered an important safety feature for men working around moving machinery. If the shirt snags on something, it would give way rather than pull the man toward danger.

## Frances Ulicnik Seriously Ill

Frances Ulicnik 13 years old is on her second month in the John Sealy Hospital at Galveston.

She is in a serious condition with heart, liver and blood disease. She moved from Cameron on November 25, 1955, where she left many schoolmates and friends, but was forced to leave here because of her health.

She is the daughter of Mrs. Lester Kotrla of Texas City, whom will be remembered here as Ida Fay Houston. Her stepfather, Lester Kotrla was employed here with the Graben Chevrolet Co.

Her mother has remained at her bedside, and asks her little schoolmates and friends to remember her in their prayers and with Get Well cards, as they are something of which she has received many.

She waits for the mail and each card brings a smile to her little face.

Her address is Frances Ulicnik, in care of John Sealy Hospital, 4th Floor 4-B 416, Galveston, Texas.

## It's Wise To Plan Your Escape From Home Fires Early

You'd scream blue murder if the school your child attends failed to hold fire drills. But, have you planned how to leave—and live—if fire starts in your own home?

Plan escape routes from all parts of the house you regularly use—especially bedrooms, advises the National Fire Protection Association.

Windows, porch roofs, ladders, back stairs and outside fire escapes, says the Association, are some of the escape means that you must be ready to use when normal exits are blocked.

Arrange for practical ways to rescue small children, aged and sick persons.

Once out, keep track of the children—make certain they do not re-enter the house.

Arthur Chapman of Houston, spent Tuesday night in the home of his sister, Mrs. Stella Foster.

The C. E. Russells' and Mrs. Jennie Barrett returned home Monday after visiting in San Angelo and Abilene last week.

Bro. and Mrs. Veal were last Sunday guests in the home of Mr. and Mrs. Lois Solomon and family.

Mrs. Dock Terry visited her aunt, Mrs. Addie Miller, Friday.

Recent visitors in the Charlie Leonard home were Mrs. Olga Bryant and Mrs. Velma Dobbs, Mrs. Merle Campbell and two and Mrs. Jewel Hairgrove of Ft. Worth came after their parents, Saturday, and carried them to Ft. Worth where Mrs. Leonard will receive medical care.

Bro. and Mrs. W. M. Veal were Sunday guests in the home of Mr. and Mrs. Euell Russell.

Frank Griffin was a Sunday visitor in the John Lott home.

Mr. and Mrs. Buster Griffin were host and hostess Sunday for a joint birthday dinner, honoring her mother, Mrs. Homer Nabours and Kin Griffin on his 5th birthday. Present for the day were Mr. and Mrs. Homer Nabours and Paul of Cannon Snap; Mr. and Mrs. Jack Tumlinson and Miss Natalie Bynum of Cameron; Mr. and Mrs. Billy Nabours and son of Temple. The family attended Church Services Sunday at 11 a.m. in a group. Mrs. Nabours birthday was November 4 and Kin Griffin's birthday was November 2.

## Mistletoe Not Only Promotes Kissing; Now Means Of Income

An unusual new business is opening in Cameron and Milam County in the latter half of November. Being an unique business, it will operate here only 15 to 30 days each year.

Operated by R. C. Tiemann of Priddy, Texas, this new Cameron business is engaged in the purchase and shipping of mistletoe. The local Chamber of Commerce announced on Monday, November 5, that Tiemann will set up his mistletoe plant in the Slocumb Building. He has been in this business for the past five years and has his main plant in Marlin.

The plant here in Cameron will remain open following its initial start about mid-November until the supply of mistletoe available becomes exhausted. Tiemann explained that Boy Scout troops, Future Farmers or any other organization of this type can earn money for their clubs by working with his concern.

## Police Getting 2-Way Radios

Cameron Police Department has received its construction permit and license for their two-way radio according to Chief Willie Dolan. Crews will be in the city on Saturday, November 10, to erect the tower and install the radio in the city hall.

This tower will be 75 feet tall and will be erected on top of the city hall. Installation of both the tower and the sending apparatus will be made by Waco Communications Company.

Call letters for the station will be KKR838. It will operate at 37.18 megacycles.

Use of the station will then be ready as soon as the city acquires its new patrol car and installs the two-way set in the vehicle.

# BOWLING NEWS

## Keglers Improving Games At Cameron Bowling Lanes

It was indeed a much improved Bowling Game demonstrated at the Cameron Bowling Lanes this week, with five keglers shooting well over the 500 mark. R. Richter leads the pack with his 547, while Dr. Boyce came in second 545, J. Jones 516, P. Susik 512 and E. Orsag 500. Dr. Boyce was champ this week with his 207, and J. Jones very close with his 201, the only 200's rolled.

Pearl came roaring back this week and rolled a nifty 861 single series which shut out KMIL. Falstaff a hot contender for first place beat Alcoa 3 to 1, Grand Prize, the wonder-boys, snuffed out Temple K of C 3-1, and Dr. Pepper and First National Bank split 2 and 2 to hold a tie for first place.

Pinfall: Falstaff rolled the high 2-game series with 2398, Dr. Pepper 2313, First National Bank 2310, while the other teams all bowled well over 2200, which is good bowling in any league. Dr. Boyce got his ball working and hit the 1-2 pocket for 5 straight strikes in his first game, then came back in the third and hit 4 KMIL

## High Single Game Among Lady Keglers Made By Connie Riddle

Lady bowlers did some fancy bowling this past week with Green Funeral Home capturing four games from Woodum Auto Sales, Pearl taking four from New Cameron Drug, Coca-Cola getting three for National Hall's one and Falstaff defeating Vaculin Service Station 3-1.

Coca-Cola took the high single game with a 604. National Hall was second with 567 and Green Funeral home third with 547. The high three-game series was also taken by Coca-Cola with 1716. They were followed by Pearl with 1583 and Green Funeral Home with 1561.

Individual high single game was rolled by Connie Riddle (a substitute on the Coca-Cola team) with 171 and Audrey Boyce of the Green Funeral Home team with another 171. Other high games were rolled by Irene Mees with 156 and Barbara Gurecky with 155.

High individual three-game series was bowled by Connie Riddle with 457. Irene Mees followed with a 454 and Milady Hollas with a 438.

Some of the splits picked up

were Emolou Curtis, 7-4-9; Evelyn Burke, 2-8-7; Ann Slavia, 7-5; Barbara Hollas and Ida Michelka both with a 2-7, Servia Bridges and Barbara Gurecky, the 5-10; Audrey Boyce, 3-10, and Annie Hollas, the 4-5.

Connie Riddle received an award of a carton of soft drinks for getting the most spares, a total of 16. Audrey Boyce was second with 15 spares. The award was donated by Coca-Cola Company of Cameron.

Bertha Balhorn was awarded a shampoo and set with the compliments of Audrey's Beauty Salon for bowling the lowest single game.

Team standings for the seventh week of action by the Cameron Women's Bowling League follow.

## Farm Fire A Tragic Waste

United Press Photo

Fire is bad business anytime and for everybody . . . but it's particularly bad on the farm where a family's livelihood and home are both at stake. When the barn above was totally destroyed by fire last year, the direct dollar loss to this Midwestern farm family was estimated to be \$50,000. The real loss in terms of crippled earning power and one family's well-being can never be estimated. Total direct cost of fires to American farmers last year was estimated by the United States Department of Agriculture to be more than \$150,000,000. The USDA and the National Fire Protection Association are co-sponsors of Fire Prevention Week, October 7-13.

Traced by the laundry-mark in a handkerchief he dropped at the scene of a crime, Black Bart was identified as Charles E. Bolton, a respected citizen of San Francisco. Arrested, he served 6 years in San Quentin.

## New City Business To Have 2-6 Year Olds As Customers

Another new and unique business is opening in Cameron on Monday, November 12. A pre-kindergarten nursery for youngsters, the enterprise will operate under the name of Kiddie Korral at 903 East Eighth Street.

Operators of the Korral are Mrs. Una Manous and Mrs. R. K. Fontaine. The day nursery will

be state approved with all play supervised. Noon meals will be served at mid-morning and mid-afternoon.

Children eligible for admission to the nursery will be within the age range of 2-6.

Operating from 7:30 a.m. to 5:30 p.m., the nursery will be open Mondays through Fridays and should the demand merit, also on Saturdays.

## Rain —

(Continued from page 1)  
Other reports from the gauges of individuals around Milam County ran from .75 inches to as high as better than six inches. Yarrington reportedly received 2.6 inches from Friday morning through Monday morning with light showers still falling at that time. The area just across the Little River Bridge from Cameron seemingly received the least rain of areas from which reports were received with only three quarters of an inch.

## Three Milam Countains Will Report For Service

December induction and pre-induction calls have been received. Three will be sent for induction on December 12 and fourteen for physical examination on the same date. Orders will not be issued until later this month.

The local board now has authority to classify a man IV-F when he has been rejected for service upon volunteering for enlistment in the armed forces. When such a man fails to meet the physical or mental requirements, a report is made to the board by the Examining Station whereupon action may be taken to classify him IV-F without further processing by the local board. In some cases the physical condition may be remedied or, in the case of mental rejections, may pass the test if given a second chance. In such a case, the board may vote not to take reclassification action.

Ministerial students must furnish the board with evidence from the school before they may qualify for consideration for the IV-D Classification. Students who are taking ministerial work at a college or church affiliated institution should inquire about these requirements at the local board office. We have correspondence from registrants occasionally advising that they are in school and taking pre-theological work, but this is not enough information for IV-D classification.

The Milam County Board originally consisted of three members, but in July 1955, two additional members were added, making a total of five, August G. Kunz of Cameron, Jeff A. Henderson of Ben Arnold, L. D. Barnes, Jr. of Thorndale, Leon Brady of Buckholts, and James H. Baugh of Rockdale constitute the membership, thus giving a representation from every part of the county.

October registration is down as compared to September registration. The October registrants will be order numbered on November 10 and will be mailed registration certificates on that date. Booklets, explaining the various reserve programs, will be mailed along with the registration

## Special Presbyterian Services To Begin Sunday, November 11

Starting Sunday, November 11, there will be a series of special services at the Presbyterian Church. The Rev. Henry W. Quinn, Jr., who is Director of Field Work at the Austin Presbyterian Theological Seminary in Austin, will be the preacher.

He is to be here for both services on Sunday at 11 A.M. and 7 P.M. Then he is to have services twice each day, Monday thru Wednesday, at 7 A.M. and 7 P.M.

The morning service will be for thirty minutes only, and the night service will be an hour service. The membership is urged to attend every service, and the public is cordially invited to attend any or all services.

certificates. Registrants are urged to read these booklets. Also, any 18 year olds having birthdays in October and who have not yet registered are advised to do so without further delay. They never know when they may be called upon to prove that they have registered.

Today's Text—Samuel said, Hath the Lord as great delight in burnt offerings and sacrifices, as in obeying the voice of the Lord? Behold, to obey is better than sacrifice, and to hearken than the fat of rams. "Our Father, enable me to be obedient to thy will and to envision the spiritual cleansing and abundant life which I may experience through obedience. In Jesus' name. — Amen.

## Milam Remains

(Continued from Page 1)

Milam County also voted approval of each of the eight amendments in the election. Amendment No. 1 won in the county by a vote of 2326 to 645, No. 2 by 1669 to 1183, No. 3 by 1884 to 914, No. 4 by 2791 to 478, No. 5 by 1861 to 1091, No. 6 by 1863 to 774, No. 7 by 2206 to 620 and No. 8 by 1998 to 834. Amendment No. 4 which is for better retirement plan for teachers in public schools led all the others in votes of approval within the county.

## Final Rites Held For Mrs. Wiese Wednesday P. M.

Mrs. Georgia Anna Wiese, 81, of Route 2, Cameron, died at 4 p.m. Tuesday. She had been in ill health for the past four years.

Mrs. Wiese had been a life-long resident of Milam county.

Survivors include one son, J. B. Wiese of Calvert; one daughter, Mrs. A. H. Patzke of Cameron; four sisters, Mrs. Alice Cox and Mrs. Della Wiese, both of Cameron, Mrs. Fannie Burkhalter of Bryan and Mrs. Ora Burkhalter of Tyler. Also seven grandchildren, eight great-grandchildren and one great-great-grandchild.

Funeral services were held at 2 p.m. Wednesday in the chapel of the Green Funeral home with Rev. G. L. Atmar, assisted by Rev. N. J. Barnes officiating.

## Veterans Day Theme

Radio programs over KMLL Sunday, November 11, will be dedicated throughout the day to the veterans with a complete Veterans Day theme. Music and other lines of commemoration for veterans of American wars will be broadcast every quarter of hour.

The station will also carry a rebroadcast of the talk by George LeNoir, District American Legion Commander, at the Veterans Day dinner being held Sunday at National Hall.

## Good Idea To Vary School Fire Drill Routes Experts Say

Fire drills are held regularly in schools. The usual exits are utilized. But what provisions are made for the possibility of one exit — perhaps two — being blocked by fire?

Here's what the Safety to Life Committee of the National Fire Protection Association recommends:

It is good practice in conducting school fire drills frequently to assume that a given stairway or doorway is not usable because of fire or smoke and the children must leave the building by some other route.

A large sign may be used to indicate that fire blocks an exit. Of course there could be no advance warning of where the sign would be placed.

Thus teachers and pupils gain a practical opportunity to learn different escape routes before the fire gong sounds for the real thing.

## Fed Steers In Demand White Finds; Builds Lot For 500 Head

Fed steers are in big demand says O. A. White, manager of the Cameron Livestock Auction barn. To underscore that he believes in feeding out cattle in Milam County, White is in the process of building a lot to feed about 500 head.

White, commenting on the Cameron market, said that butcher calves and yearlings accounted for a good percent of the stock consigned here and sold steady to up slightly over prices of the preceding week.

Cows and bulls were in a little weaker demand than the week before and stockers moved a little slower White said.

Rains haven't helped yet but are expected to make a decided difference in the market if they continue. A call from the Marlin auction barn informed White that the four inch rain in that area had caused a decided drop in consignments over the previous Monday. Offerings dropped from 900 last Monday to little more than 200 this Monday.

At the Cameron barn 138 sellers offered 489 head of cattle and two sheep to 49 buyers last Thursday.

Butcher calves sold from 13 1/2 to 19 cents with butcher yearlings going at 14 1/2 to 20 1/2. Fat cows were from \$9.75 to \$11.75, these were plain and medium only.

Canner and cutter cows \$5 to \$9 and stocker steers \$11.50 to \$14.50 (plain only).

Stocker heifers went at \$11 to \$13.50 and stocker steer calves \$13.50 to \$15.

Stocker heifer calves were \$11.50 to \$13.50. Bulls were \$9.50 to \$12.00. Cows and calves (medium and plain only) \$7.50 to \$8.50 for the medium and \$5.75 to \$6.75 for the plain.

## Many Wolves Killed In Milam County By Trapper In Nine Months

Clifford Morgan, federal trapper who has been waging war against wolves in Milam County since February 1, 1956, reports that 38 have been destroyed since that time. According to Morgan, wolves have been killed on the following places:

L. H. A. Fuchs, Corinth, one; Paul Fuchs, Buckholts, two; Robert Lehmann, Buckholts, three; C. O. Mayfield, Val Verde, one; Frank Moffat, Friendship, (McWhinney Ranch), three; Guido Gersbach, Friendship, one; Ross McQuary, Friendship, two; Randle Lake Ranch, Tracy, five; Katie Nisbett, Salem, two; A. H. Halberdier, Minerva, one; F. W. Vogelsang, Marlow, four; Mrs.

Ida Johns, Ben Arnold, two; Dorell Bailey, Baileyville, five; Jack Pond, Jones Prairie, two; Rodney Fontaine, Jones Prairie, two; Bill Baker, Ben Arnold, two.

Morgan says that only three of the 38 wolves killed were pups. The remainder of the wolves were mature animals. This shows that many wolves in this county were killed before they had their young which is very important in controlling the population of any predator animal.

He feels there may still be local problems, but that the wolves in Milam County are under control at the present. He stated, however, that some farmers and

ranchers felt that more work should be done in this county in January and February which is the mating season.

At the present, Morgan is trapping in Caldwell County, where there is also a grave need for control of the wolf problem.

## Milam 4-H Achievement Day Program Planned In Buckholts

National 4-H Club Achievement Day has been designated as Saturday, November 10. The Milam County Achievement Day Program will be held on that day at 7:30 p.m. in the Buckholts gym.

Thirty-two boys and girls, who have done outstanding work in 4-H activities, will receive awards in Achievement, Boys Agriculture, Dairy, Electric, Entomology, Field Crops, Garden, Leadership, Meat, Animal, Poultry, Tractor and the Gold Star Award. Two Alumni Recognition Certificates will be given outstanding adult leaders.

All Milam county 4-H club boys, girls and parents are invited to at-

tend. A nice program has been planned and games and refreshments will be enjoyed following the program.

### CARD OF THANKS

We wish to express our sincere thanks to Rev. Rafael Gerskovich and all our friends and neighbors who were so kind in the time of our sorrow, at the death of our husband and father, Joe Vrazel. We also like to express our gratitude for the food, flowers and other virtuous deeds.

## More Rain Received...

During the 72-hour period ending at 6 p.m. Sunday, November 4, the official rain gauge in Cameron showed 1.84 inches of precipitation. More encouraging was the fact that the rains were still falling while Monday cloudy skies indicated still more rain.

This act of nature had been desired by practically every man, woman and child in Milam County for some time. Lawns of the city dweller, gardens in the suburbs and crops of the farmers and ranchers should all benefit. Even the air itself is being cleansed of dust, smoke and fumes from motors and engines.

Buying power of the nation as a whole depends upon the buying power of the farmer, which is determined by whether or not the rainfall he receives produces the crops he plants. Current rains, we hope, point to a season with a full complement of rain bringing prosperity back to Milam County.

## Work With Your President...

General election for 1956 is now a thing of the past. Maybe the candidate for whom you worked, voted and wished to win is the one winning the election. Maybe he is the losing candidate. However, the winner is the leader by the vote of the majority of Americans and needs the aid of every American to do his job well.

Should your candidate be the loser in the election just held, be as great an American in your own community as he is in the nation by throwing the weight of your influence behind your president for the next four years.

If your candidate is the winner, then your work for him has just begun. More than ever, the world strife again breaking out in Hungary and the Suez, our president needs the moral support, the prayers and the good wishes of the people he represents. We know he will receive them from Milam County.

## Yoe Team In Running...

Cameron's Yoe football team traveled to Killeen last Friday night and again got into the running for District 9-AAA championship play. Their defeat of the Killeen eleven went a long way toward returning them to the play-off.

Another element enlarging their chances to win the district was the loss by Stephenville, only district team to beat the Yoemen thus far, to University High. Winning over University will be the really big battle for the Yoemen to take.

La Vega, underdogs of the district, will face Cameron in their last game of the season. Underdogs are usually the ones turning the tables on an over-confident winning squad.

The Yoemen can well use the lay-off they will be enjoying this week, to prepare, in body and spirit for the upcoming games with University and La Vega. A victory over these two clubs would be mighty sweet to the home-folks and, more especially, to the Yoemen. We'll be rooting for them to "bring home the bacon."

And, incidentally, congratulations to them and our fine coaches for their magnificent game against Killeen last Friday night!

## Another Task Ahead...

The election over, a president named, citizens of Milam county can again turn their attention to things not political.

Such, for instance, as getting that Christmas shopping done. It is amazing, but there are only 36 more shopping days before Santa slides down your chimney! And time does fly before Christmas.

So, make that list and check it twice, determine whether the kids have been naughty or nice, then go out and get the shopping behind you so that you can sit back and smugly watch the rest of us frantically scurrying around the shops the week before Christmas.

LITTLE RIVER PHILOSOPHER FAVORS PAYING FOR OLD WARS BEFORE THE WORLD BRINGS OUT ANY NEW ONES

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River has been reading the international news, his letter this week indicates.

Dear editor:

Now that the election is over

and my mail box

is cleaned out of

campaign literature

from both sides

plus all the demands

that I vote as I please

just so I vote, which is good

advice but hardly necessary, as

anybody who hasn't got sense

enough to vote like he pleases is

pretty hard up, and another thing,

while I'm on the subject, I noticed

during the campaign the television

entertainers were always reminding

us that if we didn't go to the

polls and vote and we got the

wrong men in office, the responsibility

would be squarely on us, but what

I'd like to emphasize is that just

because I did go to the polls and

did vote, I'm not going to be

responsible for everybody that got

elected, you can't pin all of them

on me, if they turn out wrong,

but anyway, as I started out to

say at the start of this letter, now

that the election is over I've been

giving considerable thought to the

world situation.

I don't know about the rest of the

world, but personally I wasn't

bored with peace at all. Peace

suits me fine, and I hope the rest

of the world figures out its problems

and irons out its troubles without

igniting the whole thing.

I can understand how the world

can buy television sets and refrigerators

and homes and automobiles, etc.,

on the time-payment plan, well I

don't know whether I can understand

it or not but I notice it's being

done, but you take the average

man with about all the installment

payments he can stand up under

and add the cost of another war to

his load, even if it's on the installment

plan too, and I'm afraid his legs

may buckle.

I know you can trade in a car

Effective November 1, Principal Leon Brady, in charge of the school cafeteria program, had to send trucks to Waco to pick up surplus commodities.

For the past six years Cameron Public Schools have been served by commodities warehoused and distributed from Cameron for a 10 county area.

Brady received a letter from William M. Herndon, head of the surplus commodity program, in Austin. "Recent developments of an administrative nature, in the operation of the commodity distribution program has made it advisable to discontinue Cameron as one of the distribution headquarters and shipping points," the letter said.

In the future, according to information received from local sources, Milam, Bell and Robertson Counties will henceforth pick up their commodities in Waco. Distribution is handled by Miss Lewis of the McLennan County School Board office. Brazos, Burleson and Lee Counties will draw from the Austin headquarters; Grimes and Washington Counties from Houston; Madison county from Lufkin and Leon from Corsicana. All these counties formerly were serviced at Cameron.

Miss Veronica Michalka, employee of the Milam County

on a new one before you get the old one paid for, and the same applies to refrigerators, houses, etc. but as I understand it, we not only haven't paid for the last war, we haven't paid for the one before that, and frankly I don't think we've got any business trading for a new one now.

Of course, I understand wars aren't handled like automobiles, sometimes you don't have any voice in whether you're going to have one or not, it's delivered to your doorstep without much warning, but I'm telling you, I can think of a lot of things the world needs worse than another war.

I don't know about cars, but if the world would agree not to have a new war until the old ones were paid for, life would be a lot more ordered for a good many centuries to come.

Yours faithfully,  
J. A.

## Deed 105 Years Old, Entered For Recording

Deed of two lots in the Town of Sullivan's Bluff which is 105 years of age as of next November 17, was recorded for the second time at the Milam County Courthouse Friday, October 26, 1956, by H. F. Smith of Cameron.

Mr. Smith said he was recording the deed again because upon looking through family papers originated by his grandfather, he noted the original recording as shown by the instrument was made December 19, 1851. He realized the possibility of this original recording not having been supplemented following burning of all county records in the courthouse fire in 1873.

A check of current records by he and Homer Nabours, county clerk, revealed no supplementary recording had ever been filed.

The two lots were obtained by Mr. Smith's grandfather, W. W. Oxsheer, on November 17, 1851. Purchase was from Augustus W. Sullivan at a price of \$42, which in that year must have been a very tidy sum of money. The deed is for Lots 5 and 6 in the Town of Sullivan's Bluff. Both Mr. Oxsheer and Mr. Sullivan on that date resided in Milam County.

Recording of the deed in county records was by Deputy Clerk J. A. Buckholts under Clerk of County Court, Milam County, Charles

## NAACP Ban Granted

Pending further court tests, the NAACP is out of business in Texas. After a tedious five-week hearing, Tyler District Judge Otis T. Dunagan granted a temporary injunction sought by the state against the NAACP.

This notice was received from Vern Sanford, secretary of the Texas Press Association.

## Texas Loses Case

Private owners won out in an argument with the state over what constitutes "submerged land" according to Vern Sanford, TPA official.

Texas Supreme Court ruled "ordinary high tide" rather than "highest tide" is the determining factor. As a result, private owners retain 472 acres in Copano Bay, Aransas County. Texas has sought to claim the area, which is near oil and gas fields, as tidelands

Buckholts.

Handwritings on the century old document are in an "Old English" type of script, which is very unique today and which has the appearance of fine art. It was also noted that on the county endorsement of the deed, the name of Mr. Sullivan as well as that of Sullivan's Bluff was written as "Sillivens." Piece was spelled as "peace."

This endorsement in its entirety read, "A certain peace or parcel of land situated on the west bank of the Brazos River at the place known as Sillivens Bluff and known as lots number five and six on the map or plan of The Town of Sillivens Bluff filed in the clerk office of the County

of Milam and in Block Number

three, 17th day of November, 1851.

I, Charles Buckholts, clerk County Court Milam County, certify that the foregoing deed was received in my office 1 o'clock P.M., 19th day of December, 1851, in Book H, Vol. 1, pages 689 and 690."

Mr. Nabours, county clerk now, pointed out that all property owners with such deeds and other documents for which the original recordings may have burned in the 1873 courthouse fire should have theirs recorded as Mr. Smith has done in this instance.

He also pointed out that his grandfather was clerk of the county court at the time of the 1873 fire.

Construction of terraces and shaping of waterways in preparation for further terrace construction in the future is underway on the farm of Alvin "Buck" Coward, cooperated with the Little River San Gabriel Soil Conservation District. The Coward farm is located five miles west of Holland, Texas, on the Holland-Salado Road. Coward lives in Bartlett.

Seven thousand linear feet of large channel type terraces are being constructed at his time. A maintainer has been employed to carry out the construction work.

Shaping of waterways is being done prior to sodding to Bermuda Grass. These areas, when established to a good cover of grass, will serve as disposal systems for run-off waters from an additional three miles of terraces.

There is no better time than now, according to Soil Conservation Service technicians stationed in Bartlett, to carry out needed shaping or construction work in connection with waterways that are to be sodded or seeded to a permanent grass as an outlet for runoff waters. Dry soil conditions are as a whole advantageous to the movement of soil in shaping work. Costs are therefore less.

More time for tillage operations that will be required if an adequate seedbed is prepared for sodding, adding will also be available, they add.

Information as to the availability of machinery for shaping operations may be obtained by contacting the Soil Conservation Service in Bartlett.

Gene Hillman and Monroe Bayer were outstanding Friday night against Killeen offensive and defensive play as the Yoemen defeated the Kangaroos by the score of 7-6. Heaviest men on the Cameron eleven, these two now make up the first string tackle. Coach Leo Jackson's squad since the transfer of Hillman from end to the left tackle spot. Hillman Friday night was indispensable along with Bayer in blocking holes for runs by the Cameron backfield for substantial gain. Bayer blocked the conversion try by the Killeen team to prevent the tying point being made.

# Killeen Has Numerical And Coaching Advantage

By Gene Hayes

District games for the Yoemen of Cameron continues in the 1956 Gridiron season. Some fans may survey the "A" and "B" games with Killeen as out of line and especially the wide margin of defeat suffered by our "B" squad. However, they should first of

## Reportable Diseases

There were 10 reportable diseases in Milam County for the week ending November 3, 1956, according to Dr. John B. Bryson, director of the Milam County Health Unit.

These diseases were one case of gonorrhea, two of whooping cough and seven of streptococcal type sore throats (incl. scarlet fever).

all remember that while both schools are AAA and in the same district, Killeen has the advantages over Cameron.

A loss to Killeen should be expected annually so long as the enrollments in the two schools vary by such a wide number. At the same time, a win should always be recognized as even a greater victory over such a large institution as the Killeen High School.

Yoe footballers are in the AAA bracket on their enrollment of the 1955-56 school year when it was only three students over the necessary minimum. Enrollment this fall is short five students to place Cameron in the AAA class.

At the same Killeen's enrollment of approximately 750 students is only a little short of placing their team in the AAAA class. Thus they are able to field a team for their "B" team at least equal in weight, power and speed to the majority of Cameron's "A" team.

Then too in such a large school, the coaching staff is almost three times of our local staff. Thus Killeen have mentors spending their full time coaching one small element of each of their main strings and reserve teams. Scouting is no problem whatsoever.

Meanwhile, Cameron with "A", "B", and "C" strings have only a total of three coaches for main and reserve squads. Scouting of prospective opponents is even impossible at times. While every four to seven boys at Killeen have a full time instructor of the strategy of their particular positions, our three Cameron coaches must divide their attention among about 20 youths at varied spots.

These are simply the facts, not excuses. All we have to offer to Killeen is that they had better watch out in '57.

## More Managers

Last week we chose Turner Newton to laud as a hard working manager of the Yoe eleven. We believe in our every word of praise for this boy.

Still we and you as fans of the Yoe football team must not forget that Turner is not the only manager. (He is the one with whom we have discussed our team most.)

There are others of even greater seniority, who do just as much work as do others, who like Turner are just starting out in managerial work. These others are not to be forgotten and deserve the same recognition as does Turner.

They are Clifford Swift, Newton Barth, Herbert Thweatt and Kenneth Hollas. None of these boys ever shirked the jobs piled on them by a host of Yoe players and the coaches. Without any one of our managers, the efficiency of the Yoemen would be drastically diminished. These boys outside their classroom work are getting training on their own initiative which in later life will do much in making leading citizens of our city, county, state and nation.

## Bronx Jeers

The coach of the Killeen "B" squad in the Yoe Stadium last Thursday night began receiving Bronx Jeers even before his team made its first score. These jeers came because he is coaching in a school where integration has taken place.

Killeen's coach took the jeers with a grain of salt as they were from Cameron students. Our students saw no wrong in their action. However, they should remember that coach is a salaried employee, duty bound to follow the policies set forth by the school board directing the activities of Killeen High School and paying his salary each month.

## DESIGNER LAUDS VERSATILITY Fashions In Rayon

ONE OF THE MOST exciting and inspirational young designers in the American fashion industry is Donald Brooks, whose creative and wearable designs have taken the country by storm. Here is the designer himself pictured with two of his best selling numbers from his fall and winter collection. "It was great fun putting rayon on both country lanes and in chic city restaurants—especially the newly improved rayon that is so soft, supple and a delight to work with," was the designer's comment in his studio. His "country lane" sports outfit is 100% rayon, a Folker paisley, for shirt, skirt and lining of the big pocketed shortie coat. For city dining, Donald Brooks likes the bare-backed look, and designs a handsome black rayon crepe dress that can be covered up with a Capri blue jacket (held by the designer) and lavished with black embroidery accented with jet. The enthusiasm of young designers is just one of the many reasons the American Rayon Institute has for its pioneer program in the promotion of rayon.

## Husbands—How to Get and Keep Them

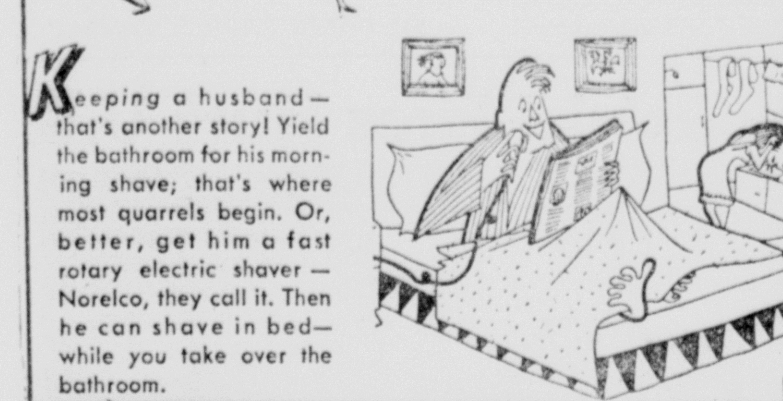

**M**en are timid souls. Marriage is a threat to their life, liberty and pursuit of happiness. An eligible male is like the African jumping impala. When he sees danger he scuttles.

**O**f course, if you have all of the endowments nature can provide, you probably won't need any advice. But find ways to make yourself attractive, and keep well-groomed at all times—you never know when "Mister Right" may come along.

**P**erfumes are helpful; mother's ideas may work, but we would cut out the baby talk—that's old stuff. Since you can't use force, try suggestion. The same idea, constantly repeated, may get results. But get to know your man first.

## Farm Labor Short In Area; Rains Aid Grain Growth Here

Reports by the Cameron office of the Texas Extension Service released Friday, November 2, indicate periodic demands for farm labor in this area are at present hard to fill.

Release 1 by Milam County Agricultural Agent J. D. Moore, the report also indicated an inch of rainfall will prolong oats and other small just planted and up. Rainfall received here has been far greater than that essential inch since Moore released his report. An estimated small percent of these small grains were lost before the rains started to dry weather, he said. Good growth has been aided greatly by the rain of the last six days with still more needed for continued good growth.

Current rains have also been

helpful in replenishing the shortage of stock water. A great deal of water is still needed to further fill stock tanks on Milam County farms and ranches.

Feed problem for livestock within the county was indicated by the fact that there have been 67 applications filed for approximately 500,000 pounds of grain. Another 27 applications for 200 tons of hay have also been filed, Moore reported.

# Yoemen Beat Kangaroos 7-6 Friday

## Dillon Powerhouse Driving Scores; Bayer Prevents Kick

With Bobby Elliott calling and Guy Dillon hauling, Cameron Yoemen invaded Killeen last Friday night and came away with a 7-6 victory over the Kangaroos.

Early three quarters of the game were nip and tuck midfield with no great gains by either eleven. Kangaroos racked up a tally first. The ball had gone over to the Killeen team's possession in the waning moments of the third period.

From the Cameron 35-yard line, Kangaroos began their drive. Bill Lipscomb advanced to the 38, a pass from Buddy Renick to Don Love set up a first down and another to Tom Young carried the ball into Cameron territory to the 35. Lipscomb tried again on two runs to end the quarter with the ball on the 22-yard line.

Play in the final period got under way with runs by Sid Alexander, Lipscomb and Renick accounting for the score, the latter receiving the honors. Alexander attempted the conversion but it was blocked by Yoe Tackle Monroe Bayer.

### Yoemen Tighten Belts

From that part of the game, Yoemen tightened their belts and got down to business. Exactly four minutes and one second after the Kangaroos tallied, Yoemen had evened the score and gone ahead with a one-point lead as Dillon ran the extra point over. Arthur Marak scored the six points, driving from the two-yard line, a point he and his teammates had reached in a sustained drive of 56 yards.

Seemingly playing "a hold your own" game until the Kangaroos made their 65-yard drive for six points, the Yoemen at that point

developed an emblazoned spirit of fight. Warren Rinn took the following kick-off on his own 10 and swivel-hipping his way through the Kangaroos first and second lines of defense for a 32-yard return to his own 42.

### Longest Run

Marak gained two followed by Yoe Powerhouse Dillon, who went over left tackle to the Killeen 32-yard line. This run by Dillon of 24 yards was the longest gain picked up by either team during the night. Marak then picked up another yard, Dillon carried for no gain and a pass from Elliott to Ray Green was good for a penetration to the Killeen 18-yard line.

The march continued with three more carries by Dillon and one by Marak to gain the two, from where Marak carried the tallying run.

Leading 7-6 with five minutes and 51 seconds remaining in the game, the Kangaroos never again threatened and only the gun saved them from being beaten by even a wider margin.

Final kick-off in the game by Dillon was advanced from the five to the 39 on a succession of four plays, where on the next handling of the ball, Kangaroo Quarterback Joe Hagwood fumbled. This time the free ball was pounced on by Yoe Guard Paul Hoelscher.

Series of runs started on the Killeen 37 carried the point of play to within three yards of the goal line as the gun sounded. This sustained drive with Cameron linemen opening the way was with ball carrying on the parts of Marak, Dillon, Rinn and Elliott. With three yards to go for another score as the final whistle sounded,

Yoemen had again picked up another first down.

### Midfield Play

The pigskin for the first half of play remained in the mid-thirty yards of the gridiron except for upon four occasions. Early in the game, with their first possession of the ball, Cameron Yoemen went on a sustained drive for 34 yards to make a penetration. However, just barely crossing the Killeen-20 with a run by Elliott, a fumble by Elliott and recovery by Marak carried Cameron for a five-yard loss. On the next play, Elliott threw a long toss over the goal line intended for Green but diverted by an alert Kangaroo. The ball then went over on downs.

On other occasions upon which the ball left midfield during the first half, it was upon the occasion of punts. Once by Kangaroo Tom Young, who kicked to the Cameron 24, and once by Yoe Jesse Kirk, who punted to the Killeen 20, and again by one from Young's toe to the Cameron 16.

Outstanding offensive and defensive playing was by Yoe Linesmen George Zarosky, Jimmy Smalley, John Solomon, Raymond Tepera, Gene Hillman, Bayer, Hoelscher, Johnny Rubac and the Yoe linebacker, Dillon. Others suited out for action were Allen Dodson, Hubert Marek, Archie Mraz, Johnny Davis, Ferrell Angell, Billie Kostroun, Sidney Koranek, Lee Hollas and Kenneth Bowley.

Powerhouse Dillon

Guy Dillon racked up 102 yards of Cameron's 199 yards gained on the ground against the Killeen Kangaroos last Friday night as the Yoemen went into Killeen territory and picked up a 7-6 win. He also carried the ball on a play through the middle of the opponents' line to gain Yoe's extra point.

## Seven Minutes Of Laxiness Allows Killeen "B" Wide Win

An out-weighted Yoe "B" eleven fell Thursday night, November 1, to a Killeen team with power to spare. A passing attack by Yoemen in the last minute and 47 seconds produced their sole sustained drive for paydirt, but the gun sounded as they reached the 28 yard line.

Opponents of the local gridsters gathered a single TD in each of the first three quarters. Through the entire battle, Yoemen held Killeen with a sullen resistance, except in that final quarter from a point with eight minutes 48 seconds remaining to the last 107 seconds of the game. Within that period of seven minutes and one second, Killeen picked up four tallies to defeat the Yoe team 45-0.

Yoemen comparatively from the stands appeared on the gridiron like the "little folks" in Blondie tackling a 11-man Paul Bunyon eleven. Still through most of the entire game they held all Killeen line-plunges and made a showing on their own offensive. Killeen's more successive drives were around the ends and on exceedingly long passes.

Quarterback James Hollas for the Yoemen played superior brand of grid tactics with cool and accurate passing, calling plays, running and lateraling and line backing on the defensive. Two more youths outstanding in both offensive and defensive play were James Fontaine and John

Wayne Josey. However, on the receiving end of early "Hollas" bullet passes, they each muffed catches. Several of these good for TD's.

Defensive action of outstanding merit for Cameron was also turned in by Joe Paul Gerick, Griffin Barrett, Burnes Thomas, Gerald Bowen, Albert Hoelscher, Ronald Brashear, Howard McKissack, B. A. Dusek and Joe Humpik.

## Industrial Fires Hurt U.S.

A landmark in American industry went up when this Springfield, Ohio, plant was destroyed by fire earlier this year. This, reportedly, was the first sawtoothed-constructed industrial building in the world. Although exploding drums of flammable liquids and insufficient hydrants hampered fire fighting, these were not the principal reasons that the building was totally destroyed at a loss of

\$250,000. The fire chief on the scene explained it this way: "A one-story frame metal clad building without a watchman, sprinkler system or automatic fire alarm system — what can you expect?" The National Fire Protection Association, sponsor of Fire Prevention Week this October 7-13, estimates that there were 37,600 manufacturing fires of all kinds last year that cost this country \$188,674,000.

## O.J. Thomas High School Open House Observed November 1

O. J. Thomas school "looks nice under the lights" said Cameron School Board President H. B. Pressley at open house held at the new school facility in Cameron Thursday night, November 1. Pressley complimented the choral club and the band on their appearance and performances for the near 300 in attendance in the school gymnasium.

"Military Escor," "Them Bases," "Fourth Infantry Band March" and "The Prairie Jump" were numbers played by the O. J. Band under the baton of the newly acquired bandmaster, Louis J. Armstrong.

Armstrong came to Cameron in October from Sulphur Springs, Texas, where he taught band in the high school for five years. He graduated from Jackson High School in Corsicana in 1935, was in the Army Air Force Band in 1942 and for three years was stationed at San Bernardino, California, and for one year at Okinawa during the second world war.

Following his se vice career, he studied and graduated from Sam Houston Teachers College in Austin and in 1949 attended Graduate School at the University of Laval, Quebec, Canada.

Armstrong married Miss Maudie Belle Hemphill of Branchville, in Milam County and the couple have three children, Lois Jean, 8; Louis James Jr., 5; and Gwendolyn Marie, 3.

Choral numbers included "Ride The Chariot" arranged by Smith and "Let Us Break Bread Together" arranged by Lawrence.

Favors were given by some of the grades including "Snacks" by the third grade; Peppermint

sticks by Mrs. Courtney Nelson's fourth grade; Book markers by Mrs. Eneola Greer's fifth grade; Candy by Mrs. L. B. Montgomery's sixth grade; Cutouts of turkeys and candy by Mrs. Willie Lee Calhoun's seventh grade. The twelfth grade gave sticks of chewing gum with the note at-

tached "We stick with good English."

Twenty-seven well-wishers sent floral offerings for the occasion.

Included in the guest list were W. O. Newton and Oxsheer Smith of the Citizen's National Bank, Doctor George Bowman, Johnnie Andres and W. B. Pressley.

## Mrs. O. B. Harden Is New President Of Cameron P-TA

Mrs. O. B. Harden of 1806 Harding Street, Cameron, was installed as president of the Yoe Public Schools P-TA last Thursday night, November 1.

Installation of the officers was conducted by Mrs. J. M. Daniels, district P-TA president from Bryan. Other newly elected officers for the current year are Mrs. Bob Foster, first vice president; Mrs. Charles C. Smith, second vice president; Mrs. Jack DuBois, recording secretary; Mrs. Eugene Mees, corresponding secretary, and Mrs. Leona G. White, treasurer.

Mrs. Daniels and Mrs. E. L. McLoughlin, also of Bryan and district vice president, each spoke on different phases of "P-TA Objectives and Policies."

A social immediately followed the business meeting and installation of officers. Serving as hospitality committee for the social were Miss Mary Randolph, Miss Lois Randolph and Mrs. C. W. Hudson. Table arrangements in the school library where the social was held were made by

## Harvey Watts Speaks To Thorndale Group

Harvey D. Watts, professor of Bible and religion at Southwestern University, was guest speaker for the Men's Club at the First Methodist Church in Thorndale, Wednesday, October 24.

Watt's topic was "The Spirit of Optimism in Religion". Charles Shadle, junior ministerial student at Southwestern, is the pastor of the church.

## Miss Anita Dusek Serves

## Newest Buick Yet

You know all that talk you've been hearing about the 1957 new car models being really new?

Well, in the case of the 1957 Buicks it's true—gospel true.

We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and

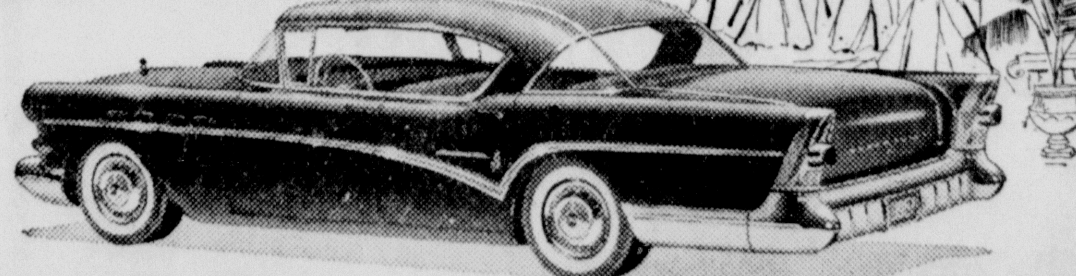

compression from their 364-cubic-inch displacement.

And we mean, most of all, an advanced new Variable Pitch Dynaflo\*—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.

So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
